

TIME FOR REVIEW

You've been faithfully studying God's Word, tucking it into your heart, and looking for ways to apply His truths. Yet, how easily we can forget all we've learned!

Take from now until we meet again to go back and review all you've learned and then take an additional step forward.

1. Complete the attached chart and questions.

If the attached chart isn't enough room, you can make your own. Just know you have to turn in a completed work. And...if you haven't been with us from the beginning, look back through the books, create a key word, and find one main lesson you can learn from that book.

2. Choose one applicable lesson from above and share what you learned with another person who is NOT in this group.

You're not preaching a sermon here. You're putting together in your heart and mind something you learned from God's Word and sharing informally with someone else what the Lord taught you.

You can start out by saying, "Can I share something I've learned from the Bible recently?" Or, "You know what I just learned?" Then share what you've learned from the heart.

3. At our next meeting, hand in your chart and be ready to share how your conversation went.
